

Story Prompts – questions to help you fish for People, Place, Problem, Progress, and Point

Tell us about

... a time you tried to cook something and it didn't turn out.

... a trip you wouldn't want to take again.

... a time you got sick at a very inconvenient moment.

... a time you got lost (or separated from your companions).

... a time you got locked out of where you needed to be.

Take us on ...

... a walk through your favorite place.

... a visit to your school.

Take us to ...

... the one spot in all the world where you would like to build a house.

... somewhere you went only once but would like to visit again.

Introduce us to ...

... an early friend you have known all your life.

... a teacher to whom you owe a lot.
